MEGHAN CANLAS

MEMBER OF THE MONTH

CSU EAST BAY - CONCORD • MARCH 2021

Meghan is the chapter's president for the 5th-semester students at CSUEB - Concord and has done such a phenomenal job of advocating for the students in our cohort. When students were displaced from clinical sites during the height of COVID-19, she worked directly and diligently with faculty to try and find viable solutions so that students could graduate on time and with the rest of the cohort. Meghan is someone who has demonstrated true leadership, compassion, and advocacy for her fellow classmates and peers. Even with her impacted schedule as a mother of three and working in the hospital, she has devoted so much time to being a support system for us. It is with great pleasure that I call her my fellow classmate and friend.

Do you know someone who exhibits CNSA's core values of professionalism, mentorship, leadership, stewardship, advocacy & activism? Following a year of hardship and challenges, we want to recognize our members for their ability to adapt and overcome these challenges. As an organization, we see the need for unity and want to showcase these great individuals we get to call members. Please [Click Here](#) and fill out the form with their achievements and acts of service that you believe they need recognition.

Member of the month will be announced in the third week of each month. After being nominated, this person will be announced on all social media platforms as well as on the Shift Report in the following month. At this year's convention we will compile all of the "Member of the Month's" and pick CNSA's first member of the year which will receive an award/gift.

**Congratulations
Joy Post and
Cohort 21!**

**CNSA would like to congratulate
National University's Joy Post and the
rest of the 21st Cohort for graduating
in February 2021! We wish all of you
luck in your future nursing endeavors.**

CNSA PRESENTS

NEW GRADUATES RECOGNITION FORM

DID YOU AND YOUR COHORT JUST GRADUATE? OR WILL YOU ALL GRADUATE WITHIN THE MONTH? IF SO, LET US CELEBRATE YOU AND YOUR ACHIEVEMENT! PLEASE FILL OUT THE FORM LINKED BELOW. WE'LL SHARE YOUR ACCOMPLISHMENTS WITH THE REST OF OUR MEMBERS. IF YOU HAVE ANY QUESTIONS, FEEL FREE TO REACH OUT TO SEVANA@CNSA.ORG.

Title: Nursing Science Committee Journal Club: COVID-19 edition – Vaccine Efficacy

Date: **April 10th at 6:00 PM**

***Special Announcement:** You can get your very own CNSA Nursing Science Graduation Honor Cord for \$19.99. In order to qualify, you must:

- Attend at least two journal club meetings.
- Write a 250+ word reflection on how science has influenced nursing during the COVID pandemic with sources in APA format.
- Submit the reflection via email to jessica@cnsa.org at least **one month before you graduate.**

Do you want to learn how to be better at reading journal articles? Do you enjoy research and want to learn more about how nurses play a part in research? Are you looking to have enriching and fun discussions with other nursing students? Well, we will be doing just that at our journal clubs!

At the beginning of each journal club, we will be having a short educational

portion on research literacy. For the remainder of the meeting, we will be reviewing and discussing an assigned journal article with other members of the club and break down each portion of the article piece-by-piece. By doing so, we hope to accomplish our goal of “promoting science literacy among nursing students, encourage discussions about current topics in nursing science, and promote the image of nurses as scientists.”

Towards the end of each of our meetings, we will be holding a raffle for a prize that our participants have a chance of winning!

Here are the details of the first article of our journal club:

Article title: What defines an efficacious COVID-19 vaccine? A review of the challenges assessing the clinical efficacy of vaccines against SARS-CoV-2”

Published on: October 27, 2020

Authors: Susanne H Hodgson, Kushal Mansatta, Garry Mallett, Victoria Harris, Katherine R W Emary, Andrew J Pollard

In order to be an active participant in our journal clubs, we ask that you come prepared by doing the following:

1. Read the article “What defines an efficacious COVID-19 vaccine” by clicking this [link](#).
2. [Click Here](#) and register for the journal club.
3. Be prepared to share your thoughts, ideas, and have fun during this engaging and interactive meeting!
4. Optional: If you are unfamiliar with research articles or want to brush up on how to read them, click this [link](#) to get access to some helpful resources.
