#### Have You Heard About Grand Rounds?

Are you familiar yet with grand rounds? These are lectures presented by medical staff on medical problems and their treatment aimed at helping the medical community stay current. They're a great way to learn more about a topic of interest or broaden your horizons. Nurses can use these lectures to earn continuing education units throughout their careers. Some are presented as webinars, while others are made available as videos, such as these from Sutter. Give them a try and discover new frontiers in medicine!
